

Empowering Individuals in IDD Group Homes with 24/7 Care

Our platform integrates compassionate care with innovative technology to help individuals with intellectual and developmental disabilities (IDD) thrive in group home settings, enhancing both quality of life and operational efficiency.

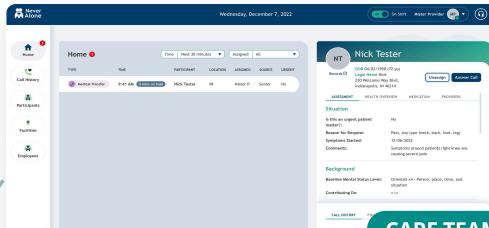

Transforming IDD Care

Never Alone connects individuals with dedicated Personal Care Partners and healthcare providers, delivering comprehensive care and support in group homes.

Personal Care Partner Connection

Personalized emotional and physical support tailored to each resident's unique needs.

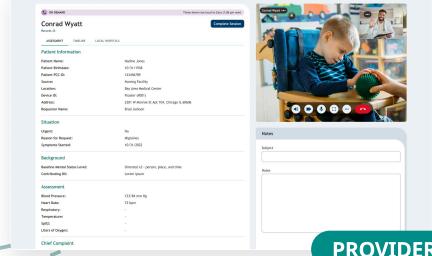

CARE TEAM

24/7 Support

Round-the-clock assistance ensures residents' safety and provides peace of mind for families and caregivers.

INDIVIDUAL

PROVIDER

Healthcare Integration
Seamless communication with healthcare providers ensures coordinated care and improved health outcomes for individuals with IDD.

KEY BENEFITS

For Individuals

- 24/7 video access and proactive care check-ins.
- Personalized support for daily activities and well-being.
- Easy access to local services like medication delivery, transportation, and meals.

For Group Home Providers

- Integrated records for personalized resident care
- Better support group home patients efficiently without sacrificing quality.
- Real-time queue management and multi-way calling for better team coordination.
